

Ivan Barbero Bosch

Ivan Barbero Bosch serves as Sales Manager for Sappi's Dye Sublimation Papers. He manages sales across Spain, Portugal, France, the UK, Ireland, and parts of Italy, while also handling key accounts in the Middle East including Pakistan and UAE.

Ivan focuses on acquiring new accounts, maintaining customer relationships, and expanding existing business. He provides support to customers on new projects, logistics, transportation, and order-related issues, ensuring smooth operations across his territory.

Ivan holds a degree in Industrial Engineering from Universitat Politècnica de Catalunya (UPC) and brings experience from his previous role in sales for industrial adhesives in automotive and manufacturing sectors. Before joining Sappi in 2020, he worked at a company distributing Sappi papers, giving him insight into the customer perspective.

Based in Barcelona, Spain, Ivan values Sappi's global presence and innovation-driven mindset, enjoying the variety in his role and the opportunity to work on diverse projects with people from around the world. Outside work, he enjoys good food, time with family and friends, and finding balance to fuel his professional energy.

About Sappi

Sappi is a leading global provider of everyday materials made from woodfibre-based renewable resources. As a diversified, innovative and trusted leader focused on sustainable processes and products, Sappi is building a more circular economy by making what it should, not just what it can. Its raw materials offerings (including dissolving pulp, wood pulp and biomaterials) and end-use products (packaging papers, specialty papers, graphic papers, casting and release papers, forestry products) are manufactured from woodfibre sourced from sustainably managed forests and plantations. Many of Sappi's production facilities use internally generated bioenergy, enabling many of its operations to be energy self-sufficient.

Sappi Europe is a division of Sappi Limited where its European mills hold chain of custody certifications under the Forest Stewardship Council™ (FSC™ C015022) and the Programme for the Endorsement of Forest Certification (PEFC/07-32-76) systems. Our papers are produced in mills accredited with ISO 9001, ISO 14001, ISO 50 001 and ISO45 001 certification. We have EMAS registration at 5 of our 8 mills in Europe.
