

Monika Lazarska

Monika Lazarska serves as Sales Manager for Sappi's Dye Sublimation Papers, covering markets including Scandinavia, Eastern Europe, Germany, Austria, Egypt, and Tunisia. Based in Warsaw, Poland, she builds long-term relationships with customers, supporting them with tailored solutions and strategic advice.

Monika combines market knowledge with a deep understanding of customer needs to help clients grow their businesses. She develops new business opportunities while maintaining close cooperation with internal teams to deliver excellent service. Monika joined Sappi four years ago, bringing valuable experience from her previous role as a Product Manager with a Sappi customer. Her background includes positions with other paper organisations such as M-Real (Metsä Board), giving her industry knowledge from both supplier and customer perspectives.

She values Sappi's multicultural environment and commitment to sustainability. Outside work, Monika enjoys jogging, cycling, and independent travel, which enhances her understanding of different cultures and benefits her work with international clients.

About Sappi

Sappi is a leading global provider of everyday materials made from woodfibre-based renewable resources. As a diversified, innovative and trusted leader focused on sustainable processes and products, Sappi is building a more circular economy by making what it should, not just what it can. Its raw materials offerings (including dissolving pulp, wood pulp and biomaterials) and end-use products (packaging papers, specialty papers, graphic papers, casting and release papers, forestry products) are manufactured from woodfibre sourced from sustainably managed forests and plantations. Many of Sappi's production facilities use internally generated bioenergy, enabling many of its operations to be energy self-sufficient.

Sappi Europe is a division of Sappi Limited where its European mills hold chain of custody certifications under the Forest Stewardship Council™ (FSC™ C015022) and the Programme for the Endorsement of Forest Certification (PEFC/07-32-76) systems. Our papers are produced in mills accredited with ISO 9001, ISO 14001, ISO 50 001 and ISO45 001 certification. We have EMAS registration at 5 of our 8 mills in Europe.
