

Paola Tiso

Paola Tiso serves as the Head of Sales for Sappi's Dye Sublimation Paper unit. She leads a global team responsible for sales of Sappi's innovative products, working closely with sales offices worldwide.

With her extensive international background, Paola oversees sales in key markets including North America, South Africa, Italy, Türkiye, North Africa, and parts of Asia such as South Korea, Japan, Thailand, and Australia. She maintains strategic relationships with original equipment manufacturers to ensure product compatibility and stays at the forefront of industry trends. Paola is also known for her dedication to supporting and mentoring younger sales team members, helping to develop the next generation of talent at Sappi.

Paola has been with Sappi for 8 years, bringing her background in polyurethane and PVC coatings, which use paper as a process liner, creating a natural bridge to her expertise in the paper industry.

Born in Italy and raised in the Netherlands, Paola is now based in Switzerland. Outside of work, she enjoys various sports, reading, and maintaining an active, healthy lifestyle.

About Sappi

Sappi is a leading global provider of everyday materials made from woodfibre-based renewable resources. As a diversified, innovative and trusted leader focused on sustainable processes and products, Sappi is building a more circular economy by making what it should, not just what it can. Its raw materials offerings (including dissolving pulp, wood pulp and biomaterials) and end-use products (packaging papers, specialty papers, graphic papers, casting and release papers, forestry products) are manufactured from woodfibre sourced from sustainably managed forests and plantations. Many of Sappi's production facilities use internally generated bioenergy, enabling many of its operations to be energy self-sufficient.

Sappi Europe is a division of Sappi Limited where its European mills hold chain of custody certifications under the Forest Stewardship Council™ (FSC™ C015022) and the Programme for the Endorsement of Forest Certification (PEFC/07-32-76) systems. Our papers are produced in mills accredited with ISO 9001, ISO 14001, ISO 50 001 and ISO45 001 certification. We have EMAS registration at 5 of our 8 mills in Europe.
